University of Tennessee
College of Pharmacy

Re: Decision on Professionalism

Dear Ms. Diei:

This letter reports the outcome of the complaint of unprofessional behavior to the Professional Conduct Committee of the College of Pharmacy, its recommendations, as well as my decision.

You applied for and were accepted into the College of Pharmacy for the Doctor of Pharmacy professional degree program. The standards for admission, student behavior, professional conduct expectations, and graduation are subject to the requirements contained in *2019-2020 The CenterScope Handbook* (the student "Handbook") as well as the *UTHSC 2019-2020 Catalog*, specifically the College of Pharmacy section (COP 1-56)("Catalog"). During your Orientation, you received lectures on the professional standards and expectations for pharmacy students who are aspiring to earn their Doctor of Pharmacy degree and practice as pharmacists subject to the requirements of their respective state board of pharmacy. You also received the College of Pharmacy Technical Standards as part of your orientation materials. Students in the College of Pharmacy must be able to meet these Technical Standards through their time in our program.

[REDACTED]

I have now considered the reports and recommendations from the Committee, my own review
and second review of the evidence, and considered the standards governing the profession of
