What is your policy with room decorations?

Room decorations are to be in the interior of your room and may not extend into the hallway. You cannot hang items from the ceiling. You may not decorate with

any type of alcohol paraphernalia (such as empty alcohol bottles, alcohol brand signs, or shot glasses) or illegal road signs. Staff may ask you to remove door decorations that create a fire hazard or otherwise violate university policy. Items that leave adhesive marks on the walls or large holes in the walls, as well as the use of contact paper or glue to adhere things to the walls or closets of the rooms, are prohibited. If damages result, appropriate charges will be assessed. If you live in the apartments, you should refer to the lease agreement.
