[Arrival Survival](#)

1. To create a living-learning environment characterized by a variety of programs and services that foster the integration of students' personal and academic development.
2. To promote independence and maturity by offering students opportunities to develop individual responsibility; leadership skills; ethical behavior; and physical and emotional wellness.
3. To engage students in developing a sense of community and belonging by providing programs and activities that promote inclusiveness and respect for individual and cultural differences.
4. To develop services and practices that are student-friendly so that successful learning can occur.

Educational Priority:

Become an engaged and active citizen by understanding how your thoughts, values, beliefs, and actions affect the people with whom you live and recognize your responsibility to contribute to a sustainable society at a local, national, and global level.
